

What is the Marina Bay Dental Membership?

The membership is a way for you to receive quality dental care at a reduced cost at Marina Bay Dental Associates without the hassle of dental insurance. The membership is only for services performed in our office. Because this is not an insurance product, the terms are very simple!

Who's Eligible? Anyone who is not currently enrolled in a dental plan.

What do I Get?

Your annual membership will begin immediately and include these services:

- Two detailed exams, with optional evaluation for  invisalign®
- Two cleanings, with fluoride applications for children under 18
- All necessary x-rays
- \$50 co-pay for emergency exam visits including diagnosis, treatment plan and x-ray
- **20% Courtesy off of our current office fees for all other dental treatments, including cosmetic dentistry**

Annual Fee \$399 per member, \$249 per additional household family member.

Limitations:

1. This is not an insurance product. Services for this plan are only offered at the office of Marina Bay Dental Associates and not at any other dental office, including specialists.
2. 20% off treatment includes all other procedures not listed in "What Do I Get?" with the Marina Bay Dental Membership. 20% courtesy can be used towards Adult fluoride applications, gum disease treatments, periodontal maintenance cleanings, microabrasion, fillings, sealants, crowns, veneers, implants, inlays, onlays, dentures, extractions, crown lengthening, and in-office whitening.
3. Patients with gum disease are recommended to receive four cleanings a year. Two of these cleanings will be covered under your membership plan, and two will be 20% off the fee for periodontal maintenance.
4. Membership is for 12 months, there is no reimbursement for termination of the Marina Bay Dental Membership prior to 12 months, or for included preventative services not received.
5. Fees for dental services are due when services are rendered.
6. Fees for laboratory made restorations are due at the preparation/impression visit.
7. If a payment plan is made, or if you use Care Credit, the 20% fee reduction is reduced to 10%.

Example of Savings: 20% depending on your particular needs

	without membership	with membership: \$399
